

Call Transcription of call made after the assault on 4-9-11

Mekisha – I don't like that gun

Luke – do you love me?

Mekisha – yes

Luke – do you promise?

Mekisha – (sobbing) uh

Long pause

Luke – are we gonna get along?

Mekisha – sobbing

Luke – you want me to go to jail?

Mekisha – (Sobbing) No, No, I just don't want this to happen again

Pause

Luke – What's that (pointing to mark he left on my neck

Mekisha – I don't know

Luke – I don't know how that happened

Mekisha – it's when you were holding me down on the bed, my hand is all swollen, my head right here, there these popped blood vessels that will probably turn into a bruise, and my hair is all over the bed, you pulled it all out, (sobbing) pulled it all out,

Long pause

Mekisha – I really really thought you were going to kill me

Luke – I'm sorry

Luke – I don't want to kill you or myself

Jason walked away to other room to pee, can be heard on audio

Luke – what is that

Mekisha – the glass you broke, it's all over the floor

Luke – why did it break?

Mekisha – when you were pulling my phones off of here to throw them on the floor

Luke – I didn't know I broke a glass

(Silence as Mekisha picks up glass)

Luke – deep exhale

Luke – I'm sorry, you don't know what it's like when you hurt the person you love the most. You don't understand.

Mekisha – I know. I only see it from my point of view. Being underneath you with my arms pinned underneath your knees like I am in a UFC fight and getting hit in the head. I only see it from that point of view, a scared point of view.

Long pause

Mekisha – I just didn't think it would happen when I was pregnant.

Luke – I didn't try and hurt the baby

Mekisha – You told me you were going to kill me - that probably would have hurt the baby. That gun probably would have hurt the baby.

Luke – I was going to kill my self too.

Mekisha – just because you kill yourself after you kill me and the baby is that supposed to make me feel better?

Luke – No, of course not. I want to be happy and I want you to be happy.

Mekisha – I think before you know, when this kind of stuff has happened, I wasn't as scared, but it made it a lot more scary with the baby. Because in the past, all I thought about was myself, and self preservation and this time all I thought about was the baby and let the baby live. If he does shoot me, maybe they can get the baby out and save her.

Luke – ok

Mekisha – (sobbing)

Mekisha – I just wonder, I mean nothing really happened to set you off, it's not like I said something mean and that's what I don't understand, I mean we were just laying in the bed, I felt a lump under my arm, and I started crying and you got mad about that.

Luke – I said it's not Cancer, it's just a lymph gland, you're not a doctor. And I didn't say anything and you said I just feel like I'm laying here all alone.

Mekisha – but I did because

Luke – and

Mekisha – I was upset

Luke – and I said I'm here

Mekisha – but you said it meanly

Luke – well yeah because I felt like you were saying you were here all alone and like, where am I? And I'm like, I'm right here

Mekisha – I was saying that

Luke – I'm right there, right next to you

Mekisha – I know Jason, but what I meant was that I needed to be comforted and instead of saying it will be ok, we'll take a look at it in the morning, you went fucking crazy

Luke – well I had taken 3 of those pills

(Luke turns off light to go to sleep)
