Layla,

Write a Book -

"The Diary of my Murdered Sister."

and make lots of \$! ☺

I wish I could have told
you all of these things while
I was alive, but I loved

[REDACTED] and then you + the
rest of the family would
hate Him. I can't imagine

you, Katie, mom + dad having
to go on ~~out~~ without me

because I think of what it would be
like to go on without you or one of them
and I'm sure it would feel like death
itself. If I had started this 4 1/2 years
ago, I'd have so much more to tell. - I

always meant to, but 6/30/08 I really
thought I would die. I hope you
never read this. I love you little
sister.
